

STATEMENT OF BRANDON M. MOON
CANDIDATE FOR MEMBER OF THE CITY COUNCIL,
2nd District
SAN DIMAS CITY GENERAL MUNICIPAL ELECTION

I am a proud working class American. As a son and grandson of veterans and husband to my partner in many community volunteer projects, being a member of the Moon family legacy of service is a proud foundation on my decision to serve my community of San Dimas as your Councilmember for the 2nd district.

I have lived in the San Gabriel Valley my entire life and I'm proud to call San Dimas my home. As your councilmember, I seek to fight for our interests as residents who demand accountability, transparency, and integrity from their municipal leaders. My core values and normal compass are what gives me strength to fight for what I believe and cherish, and as a cancer survivor of 3 years, I know what it means to fight.

Given the opportunity, as your councilmember for District 2, I pledge to seek reasonable and fair solutions to community issues such as prioritizing public safety, addressing homelessness, the Gold Line, and creating a plan that supports reasonable affordable residential development while maintaining the small-town feel we all love about our city.

I invite you to learn more about my candidacy and my pledge to San Dimas residents at www.MoonforSanDimas.com
